More than Conquerors **Mark Snyder**

Intro: B – F#m7 – E

Verse 1:

```
          E                  G#m          A
Long before the dawn of time, You ordered all our ways
E                              B
Every one You called You knew
          E                  G#m          A
You would send a perfect light – He came to demonstrate
     E                         B
What only perfect love can do
```

Chorus:

```
E    (C#m7)
We're made clean by the blood's redemption
B    (B/D#)
Who can bring a charge against us?
C#m7                  A
We are more than conquerors
    E
No height nor depth, nor power of demons
    B
Denied you when You came to claim us
C#m7                  A          (B – F#m7 – E)
We are more than conquerors
```

Verse 2:

```
          E                       G#m      A
Lord we know in every trial when we don't see your plan
E                              B
Still You make these fears recede
          E                  G#m          A
You didn't spare Your only Son, Lord help us understand
     E                         B
How freely You will give all things
```

Bridge:

```
       C#m7                              B/D#
Lord We know that You are for us, there are none that stand against us
E                        A
We are more than conquerors
       C#m7                              B/D#
Lord We know that You are for us, there are none that stand against us
E                        A
We are more than conquerors
```
